

# Real View Books

The *Real View Books* publishing house was founded by Father Jaki to keep in print important works, otherwise very difficult to find, and that he felt were worth reading.

Each book in the *Real View Books Reprint* series includes an Introduction by Stanley L. Jaki where he carefully sets forth each book's relevance to the Church in the present age. *Real View Books* also publishes books written by Father Jaki himself.

The books published by *Real View Books* can be ordered online at the site

[www.realviewbooks.com](http://www.realviewbooks.com).

The books of Father Jaki can also be ordered using this downloadable [Book Catalog](#).
